SMUGGLED OUT OF RUSSIA.

The Government decided that Zavolsky, as the adopted so not gorky, and placed in the funiversity of St. Petersburg.

The Government decided that Zavolsky, as the adopted son of Gorky, must also be a revolutionist, and he was shadowed day and night. He was smuggied out of the country and went to London, where he was received by Prince Peter Krapotkin the Russian litterateur. When he left England the Prince gave him a letter to Prof. James Mavor, of the University of Toronto, Canada.

ACCIDENTALLY ASPHYXIATED

William Shaw, thirty-six years old, of Ocean Grove, L. I., a mason, was found dead from inhaling lliuminating gas today in Eisle's Hotel, at Sixth street and GIRL CAUGHT Avenue B, Unionport. He was employed on a job in Westchester. Charles

bisier, the proprietor, believes the man's death to have been accidental, as he thinks Shaw opened the gas jet after turning it out, as it was loose.

John Kelser, the bartender, smelled gas and traced the odor to Shaw's room. He found the man dead in bed, in his underclothing. The body was removed to the Fordham Morgue by order of Coroner Berry. Shaw leaves a widow and two children in Ocean Grove.

MISSION HERE Edward Atkinson Says They Can in Boston, but the Gotham Belle Uses from \$8,000 to \$10,000, While the \$18-a-Week Stenographer Spends \$300.

Edward Atkinson, statistician, of Boston, says a woman can fully clothe herself on \$65 a year and still have trunks full of frilips and furbelows. Mr. Atkinson has just made public his report, upon which he has been working for four years, and he has compiled his statistics from stenographers, heads of department stores and employees of retail stores.

The Evening World, after interviewing a number of dressmakers, stenographers and business women, has received a composite statement something like the following:

"Sixty-dve dollars a year may do for Boston, but for New York it is absolitely ridiculous."

Hon. Andrew Dutcher's Eloquent Tribute to the Great Curative Properties of Duffy's Pure Malt Whiskey Is Similar to That of Thousands Who Say It Is a Godsend to Suffering Humanity.

HON. ANDREW DUTCHER.

HON. ANDREW DUTCHER.

On Jan. 3 Mr. Dutcher. Counsellor-at-Luw. of 487 8d St. Brooklyn, wrote: "I have been a sufferer from catarrh for about six years, and have tried many remedies and so-called 'cures' without relief.

"About a month ago Duffy's Pure Malt Whiskey was recommended to me, and I was induced to try it. As soon as I started to take it I felt the benefit. I received more relief from the first bottle than I had from all the remedies I had been experimenting with for six years.

"I have implicit faith in your valuable whiskey as a cure for catarrh, and I firmly believe that in a short time I will be free from the only obronic trouble I now have. Although in my 83d year, physicians pronounce me free from chronic diseases with the exception of this catarrh in the head, which is fast disappearing, and I can look forward to the closing years of my life without anticipating any of the serious ills of old age. "The catarrh impaired my hearing and affected my sense of smell, and I feel sure that these will both become normal as the cause disappears. I find that Duffy's Pure Malt Whiskey does not only cure my catarrh, but it acts as a tonic-stimulant, and when I get a cough a few doses cure me.

"Since I have been taking your whiskey I feel as vigorous as when I was 40 years of age. I don't believe in the use of intoxicating liquors as a beverage, but I cannot help expressing my gratitude for all that Duffy's Pure Malt Whiskey has done for me, and I don't hesitate to recommend it to every one who needs a tonic-stimulant to build up the wasted tissues."

Duffy's Pure Malt Whiskey

This frank, outspoken statement of Mr. Dutcher, who is widely known, is simit
to thousands of letters received from grateful people the country over who have be
restored to perfect health and vigorous strength by this grand medicine.

Duffy's Pure Malt Whiskey is a positive cure for consumption, catarrh, pne
monia, grippe, bronchitis, coughs and colds and a sure preventive of all pulmonary a
pronchial affections. It is invaluable in fevers, lung troubles and all weakening, wa
ing diseases. It cures indigestion and stomach affections, and is unequalled as a heatonic. It is the support of old age. Doctors for 50 years have used it. ing diseases.
